About NPCI

National Payment corporation of India(NPCI) is organization launched by the Reserve Bank of India(RBI) and the Indian Banks' Association(IBA) under the provisions of the Payment and Settlement Systems Act, 2007, for creating a robust Payment & Settlement Infrastructure in India.

Since its beginning NPCI has launched a series of projects that have drastically impacted the payment system in the country in a positive way affecting millions of life.

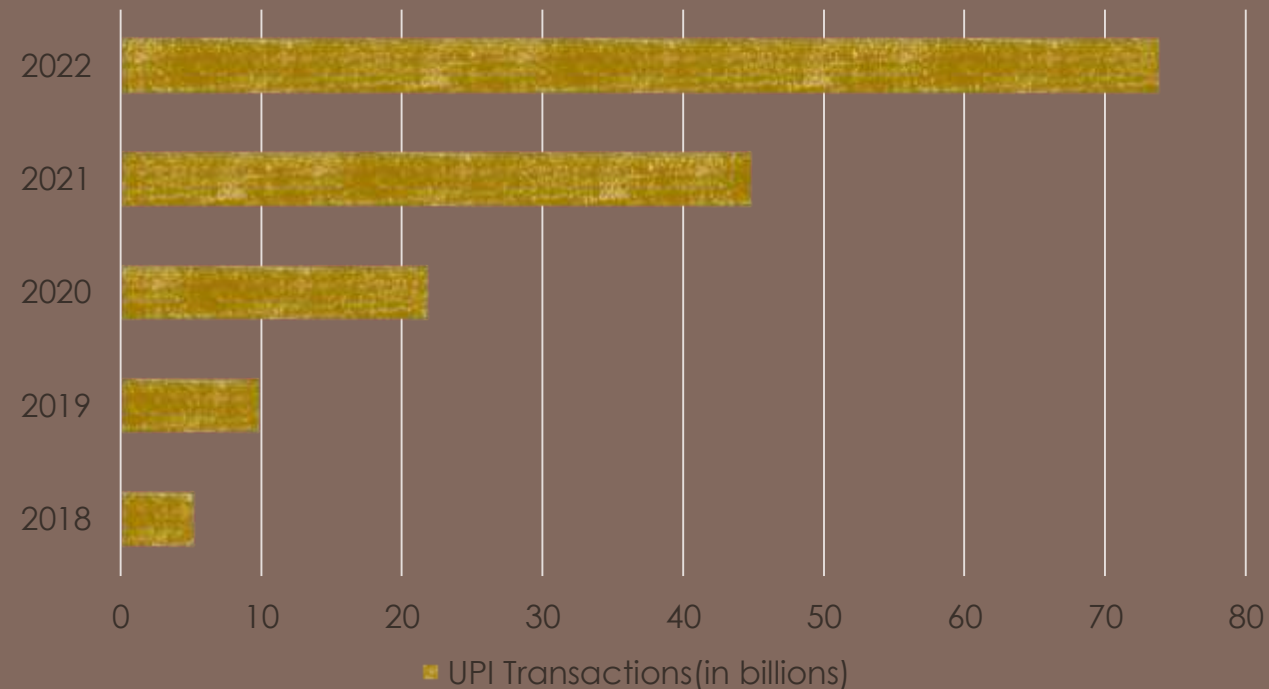

Projects like ***Unified Payment Initiative(UPI) , RuPay and National Electronic Toll Collection(NETC)*** have not only eased the living of merchants and buyers but have also indirectly impacted the growth of economy of the country.

The Corporation has been successful in gaining the trust of its promoters and have partnered with more than 50 national banks for achieving its ambition of connecting every Indian with its payment and support system.
